AGREEMENT TO PUBLISH INFORMATION ON THE SCHOOL DEPARTMENT WEBSITE

2010-2011 SCHOOL YEAR

The MSAD #45 School Department maintains an official website to provide general information about the school system as well as information about educational programs, extracurricular activities, school events and student and staff achievements.

Maine law requires public schools to obtain written approval from parents/guardians prior to publishing personal information about students on the internet. This form will authorize the School Department to publish the following:

- A. Full names of students in connection with class rosters, honor rolls, awards received, and team/extracurricular activity participant lists;
- B. Group and/or individual photographs of students;
- C. Individual student or class work may be published on the school department's website from time to time in accordance with established guidelines. Such work may include creative writing, research projects, art work, music, performances, and audiovisual presentations. All student work will include a copyright notice prohibiting the copying of such work without express written permission. Copies of the Board's Website Policy and Guidelines are available at the Superintendent's office, every school office, or on the School Department's website.

Please complete and return the agreement form electronically, or print out a copy to sign and return to the school office. This agreement will remain in effect for the entire 2010-2011 school year unless it is rescinded in writing. If the form is not returned, no information about your child will be published on the School Department website. If you have any questions, please contact Mr. Ericson.
