

**Maine School Administrative District #45**  
**School Lunch**  
**Special Provision II**

**MSAD #45** has one or more schools that will be participating in **Special Provision II**. This alternative is referred to as **Provision 2**. All students enrolled in schools listed below may participate in the School Breakfast Program and the National School Lunch Program at no charge. Household applications will be required for the first year or the base year for Provision II. No application will be required for years 2,3 and 4.

The application requesting economic information supports many programs at our schools which helps reduce the local tax. Please complete and return the forms. Only one per family is needed.

Studies show that children who are not hungry perform better in school. By providing both breakfast and lunch at no cost to students, we are helping to create a better learning environment.

The school meals that we serve follow U.S. Department of Agriculture guidelines for healthy school meals. The School Breakfast and Lunch Programs cannot succeed without your support; please encourage your children to participate in the school meals programs.

All students will be served breakfast and lunch at no charge at the **David J Lyons Washburn Elementary School and Washburn District High School**.
