

David J. Lyon Washburn District Elementary School
MSAD #45
21st Century Community Learning Center

School Year 2020/2021

Dear Parents/ Guardians of the WDES Students,

On Monday, January 11th, 2021 Washburn Schools will start the *Level Yellow Learning Plan* which includes early dismissal. This plan will allow the teachers to accommodate the large number of students who are learning from home, as well as provide regular classes for the students who come to school.

We understand that this change would affect your schedules so we are working with the school to organize a “*Transition Time*” to fill the gap. Our wonderful support staff will facilitate some academic activities before the regular After School Program session starts at 2:30pm. **This way we can continue our activities as usual until 4:40pm - which means no actual change for when the program ends.** We will still provide bus transportation after the Program. We will keep our Monday to Thursday schedule as well.

Also, if there is a need, we may provide limited options for the remote learners (especially if they need help with homework or tutoring). Please contact Halina Herzog if you have any questions about remote options.

We hope it will help you to organize your schedule during this difficult time. Please contact us if you have any questions or would like to sign your student up for our Program.

Sincerely,
Halina Herzog
Washburn 21st Century After School Program Coordinator
